

ECVC STUDENT SPONSORSHIP PROGRAM

We are excited to announce a new program for ECVC—we are looking for sponsors who would like to connect with students from the Auburn, Georgia, and Tuskegee University Colleges of Veterinary Medicine. We are hoping to be able to provide funding for at least 5 students from each CVM. The scholarships would be open to students in any year of school, with students in their last year given priority.

The scholarship will cover their full registration to the event, lodging, transportation to and from the conference by car, and meals during the time frame the student is working for the conference.

We will be asking the students to moderate CE sessions daily, attend scheduled wet labs in the afternoons (more on that in a minute), and attend a thank you reception and/or dinner to meet personnel from all the sponsoring companies.

There are a couple of ways that your organization can participate:

- Becoming one of our financial sponsors: you can sponsor at the \$5000, \$2500, and \$500 levels. If you are a financial sponsor, you would be invited to a reception/dinner to meet and interact with the students.
- Host one of our wet labs (using the equipment in your booth) either on Thursday or Friday afternoon. You could also discuss a topic (for example, nutrition) with the students at your booth.

Benefits at the \$5000 Level

- Invitation to reception/dinner with the students and seating at a table that would be hosted by your company only
- Logo on all materials sent to the students for recruiting them to the program, sending them details after they are accepted
- Show management would arrange a time with you to bring students by your booth so you have the opportunity to meet all of them
- Participation on Saturday afternoon panel discussion (after exhibit move-out) on leadership and the benefits of participating in organized veterinary medicine

Benefits at the \$2500 Level

- Invitation to reception/dinner with the students
- Logo on all materials sent to the students for recruiting them to the program, sending them details after they are accepted

Benefits at the \$500 Level

- Logo on all materials sent to the students for recruiting them to the program, sending them details after they are accepted

We will be offering these sponsorships on a first-come, first-served basis so if you are interested, please fill out the attached form—sponsorship will be on a first come, first served basis.

Thank you for your support of ECVV and the future of veterinary medicine!
